| The University will raise student success rates through improved student counseling and enhanced quality of residential life and extracurricular experience. | 1. Students will have the opportunity to participate in a variety of activities on campus. | A. No more than 30% of the students who complete the Student Satisfaction Survey will indicate that they are dissatisfied with the Campus Activities Board.  
B. No more than 30% of the students who complete the Student Satisfaction Survey will indicate that they are dissatisfied with the clubs and organizations on campus.  
C. No more than 30% of the students who complete the Student Satisfaction Survey will indicate that they are dissatisfied with the fraternities and sororities on campus.  
D. No more than 30% of the students who complete the Student Satisfaction Survey will indicate that they are dissatisfied with the Student Government Association. | (1) **Student Satisfaction Survey**  
This is a survey consisting of a 5-point satisfaction scale. The survey is administered by the Office of Institutional Effectiveness. Its purpose is to measure student satisfaction with various components of the campus. All expenses related to the survey are covered by the Office of Institutional Effectiveness. |

**Forward all forms to the dean by October 31 for review.**

Statement of Achievements

Department: **Student Life**

Academic Year **2006 - 2007**

**Plans Implemented**

1. Hired a secretary for the Student Activities office.

**Plans Not Implemented**

1. Create a disc golf course on campus. (Not enough funds available).

2. Improve support for historically black fraternities and sororities. (This plan was partially achieved through the creation of the Pan-Hellenic. However, a professional staff member was not hired to work with historically black fraternities and sororities. (funds not available).

*Forward all forms to the dean by October 31 for review.*
The University of West Alabama
Professional and Support Staffing Plan

Department: Student Life  Academic Year: 2008-2009

Please indicate how each of the following factors will affect staffing for the next academic year.

1. Results of Self-Study (How effective was your department in achieving the goals set during the past year?)

Since the Office of Institutional Effectiveness did not administer the Student Life section of the Student Satisfaction Survey, we cannot determine whether our goals were met.

2. Assessment Plan (Is your staff adequate to achieve the results desired for the upcoming year?)

Due to the fact that the Wellness Center attendance is growing rapidly, we need to create a graduate assistantship for our fitness area. An alternative is for the Fitness Coordinator to work full-time within Student Life. A professional staff member to work with historically black fraternities and sororities is still needed.

3. Availability of current staff (How many of your current staff will be retiring, going on leaves of absences, returning from leaves of absences, etc.?)

All staff will be returning.

4. Availability of part-time help/work-study, etc.

Our staffing of student workers is adequate.

5. Other factors affecting your staffing

None

Based on the factors described above, the following changes in professional and support staffing are requested for the upcoming academic year.
A graduate assistantship should be added to assist the Fitness Coordinator or the Fitness Coordinator should work full-time within Student Life. As the program grows, there are too many tasks for one part time Fitness Coordinator. A professional staff member to work with historically black fraternities and sororities is still needed.
