Broad Consent Statement

Are you willing to give consent for future research use of the **deidentifiable** information or biospecimens collected through this research?

If you say “yes,” researchers in the future may use your deidentifiable information or deidentifiable biospecimens in many different research studies, over a long period of time, without asking your permission again for any specific study covered by this form.

If you say “no,” researchers in most cases will have to ask your permission to use your deidentifiable information or identifiable biospecimens in any future research study.
