STANDARDS FOR SOCIAL FRATERNITIES AND SORORITIES

Purpose

The purpose of this manual is to guide you to a better understanding of what the Greek System at The University of West Alabama is all about. Included in this manual you will find a statement of purpose for the IFC, NPHC and Panhellenic, a list of fraternities and sororities that are currently active on our campus, policies and procedures that are mandatory for all Greeks, and much more.

The University of West Alabama, Office of Student Life, and the UWA fraternity and sorority community are committed to being a welcoming and inclusive campus characterized by access and opportunity, which allows students and prospective students the opportunity to choose what they want their individual Greek experience to be and know that there are no barriers preventing this choice from happening.

Purpose of IFC, NPHC AND PANHELLENIC

The purpose of Interfraternity Council, National Pan-Hellenic and the Panhellenic Council is to promote The University of West Alabama and its spirit. Furthermore, it is the intention of this council to foster better relations among the fraternity and sorority members and to insure cooperation between them and the University officials.

UWA Greek Standards

The University of West Alabama Greek standards have been created to help standardize the programs and policies of UWA. These standards are in place to challenge and aid our Greek community to reach the high standards for which we strive to achieve.

Active Greek Organizations

Alpha Phi Alpha	Alpha Kappa Alpha
Delta Chi	Alpha Sigma Alpha
Omega Psi Phi	Alpha Sigma Tau
Phi Beta Sigma	Phi Mu
Sigma Pi	Sigma Gamma Rho
Tau Kappa Epsilon	Zeta Phi Beta

Academic Performance

Greek organizations are required to maintain a semester grade point average at or above a 2.25. The Office of Student Life will review each chapter's academic performance at the end of each semester.

1. All chapters that perform below a 2.25 will be placed on academic probation for one semester. The chapter will receive a letter from the Director of Student Life.
2. Failure to reach a 2.25 grade point average for two consecutive semesters (summer not included) will be placed on academic probation until the chapter reaches a 2.25 semester GPA.
3. The Office of Student Life will compile an academic performance report to include all Greeks with under a 2.25 G.P.A.

Organization(s) placed on academic probation will adhere to the following:

- No on campus social events for that semester. Greek Week and Philanthropies will not be affected.
- No organizational funds from the Student Government Association.
- If an Organization is placed on Academic Probation for two straight semesters, the said organization will be placed on suspension for one full semester. Membership intake will not be affected.

Greek Involvement

Greek organizations are **required** to fulfill the following:

1. Must complete all aspects of the Homer Award. All of these are explained in the Homer Award packet.
2. Must attend Greek Banquet
3. Must attend Greek Games
4. Must attend any other events that are set up by the University for our Greek System, or that are mandated by the Greek Council. These events will be advertised several weeks before the event.

Recognition of Social Fraternities and Sororities

The recognition of fraternities and sororities is, at all times, at the discretion of The University of West Alabama, the Office of Student Life, individual councils, and Greek Council. Generally, to be recognized, a fraternity or sorority must be an affiliated, registered student organization with the Office of Student Life, and be in good standing with the University as well as one of the three Greek governing councils.

Receiving Recognition

The University may recognize fraternities and sororities if they obtain:

- A letter from the national office to the University requesting an interest meeting.
- A vote by either the IFC, NPHC, or Panhellenic Council **and** the Creek Council to consider another Greek organization.
- If approval is given by the two councils, the administration must also give approval.
- Approval from the administration would allow the organization to colonize for a period of one year before consideration for chartering would be given.
- During the colonization period, the colony's grades and activities would be monitored by the Office of Student Life.
- If after one year the colony has the numbers and the grades, then chartering would be a consideration

Maintaining Recognition

Should it be determined that a chapter is not in good standing, their recognition may be revoked or they may be put on probationary recognition for a period of time that the University designates in its sole discretion.

Loss of Recognition/Probationary Recognition

A chapter's recognition can be revoked or the chapter can be put on probationary recognition status for various reasons including, but not limited to, the following:

- If membership numbers fall below (5) five active members in "good standing" for more than two consecutive semesters.
- If a chapter is found not to be actively participating in one of the three Greek governing councils, unless exempted from such participation by the Office of Student Life.
- If a chapter fails to update and maintain the required documentation requested by the Office of Student Life.
- If a chapter is found to be in violation of the Code of Student Conduct or any University, local, or national policies or laws related to risk management, discrimination, hazing, Title IX, sexual misconduct, drugs or alcohol.

At the end of the probationary recognition period, the Greek Council, in consultation with the Director of Student Life, will make a decision to either revoke all recognition or grant full recognition.

- A majority of the individuals involved in a public incident are members of the organization and were identified during the incident as members of that organization.

Responsibility

The organization assumes responsibility after the incident by failure to cooperate with officials in an investigation of the incident (e.g., an organization will be presumed to have assumed responsibility when members of the organization decline to help investigate and/or identify individuals of the organization who may have been involved in an incident).
