

**University of West Alabama**  
**Julia Tutwiler Library**  
**Use of Print Periodicals Policy for Online Students**

---

Online students may use the Library's bound and other print periodicals remotely via the Library's Interlibrary Loan/Document Delivery department. Students must fill out an online request form for the material that they need. A library staff member will pull the volume and photocopy the article. Online students are charged \$1 for processing plus 10 cents per page, which is same copy fee per page that on-campus students are charged. In addition, online students must pay postage to have the article mailed to them. Online students may request that the article be scanned and e-mailed to them at no charge. The charges listed above are for Julia Tutwiler Library periodicals only. Photocopies obtained from a lending library via Interlibrary Loan are subject to ILL policies.
