

Introduction to Place-Based Education Workshop - October 3-4, 2024

Join University of West Alabama's Black Belt STEM Institute and Teton Science Schools for a workshop focused on place-based education. This two-day workshop will provide teachers with the chance to: develop place-based lessons for their students; network with other teachers; and discuss the unique challenges and opportunities of place- and nature-based teaching in their communities.

Location:

Day 1: University of West Alabama
Address: 100 US-11, Livingston, AL 35470

Day 2: [Cahaba Biodiversity Center](#)
Address: 5252 Birmingham Rd, Centreville, AL 35042

Breakfast and lunch provided Oct 3 and Oct 4.
Please contact Chet Nicklas for information about lodging options @ cnicklas@uwa.edu
